Despite the very heavy rain, that started not long after the first rider set off, Mike Loader set a new course record, Hugo clocked a pb, and the rain got the better of the timekeepers! The times for the riders that finished after Mike Loader were not recorded correctly, they will all be out by the same amount. We have adjusted the times to agree with what error the majority of riders thought their times were out. Apologies to those it affected.

Traffic: Low. A special thanks to the marshals & timekeepers that remained at their posts in the downpour.
